Consequently, the profitability of the Company has also been affected. However, the company has shown profits for the past three years and the current year.

Till the Financial Year 2013-14, your Company had faced a tough situation and had incurred huge losses. This is due to various factors such as global economic crisis, volatility in material price, labour resources resulting in net realizations, shortage of power etc. However, your Company has recovered from major crisis by implementing multiple strategies in the year 2014-15. The financial year 2015-16, 2016-17 and 2017-18 ended up with an increasing positive top line and bottom line. On growth pace, your Company is targeting with innovating techniques which will further improve the results in the coming years. Considering the improved performances, upcoming market and major orders, your Company firmly believes that it will come out of the existing situation of inadequate profit in the near future.

Focus has been placed on promotion and marketing of products so as to increase the sales turnover of the Company and efforts are being made to reduce overheads and fixed costs as compared to variable costs and this will result into increase in profits of the Company. All economical measures are being adopted to maintain profitability. The Company has initiated certain steps such as better product mix, cost control, borrowing at cheaper rates, and improving efficiency etc. Though, the prices of raw materials and products are influenced by external factors, the Company is making all possible efforts to improve the margins.

With its existing product portfolio coupled with expected new product launches, the Company has bright prospects to achieve significant growth with attractive returns. The key focus areas for the Company would be increasing productivity level, improving operational efficiencies and profit maximization. These initiatives are expected to improve the productivity and profitability. The Company is very conscious about improvement in productivity and undertakes constant measures to improve it.
